

# ADVANCED METAL FABRICATION

"Manufacturing that meets your industrial specifications."

*"Since we are a low to medium volume business, there is no job too small for our facility"*

Advanced Metal Fabrication is conveniently located approximately twenty miles north of Atlanta in Holly Springs, Georgia. AMF has been serving the industrial community since 1994 and contributes over forty years of combined experience to specialize in providing prompt and high quality services to its customers. AMF is committed to providing quality work that meets your industrial specifications and your company's expectations.

## SERVICES AVAILABLE

AMF is a fully capable fabrication facility that has the ability to work with standard drawings, prototypes, and samples. At AMF, we have Water Jet and machining capabilities that benefit our fabrication process along with AMADA technology that offers excellent brake operations. We also offer a full range of finishing options by utilizing various respectable painting and plating companies in the Atlanta area.

## Delivery that fits your schedule...

AMF strives to meet the various needs of its wide customer base. Our supreme customer service allows our company to accommodate individual companies based on their requirements. Another advantage, AMF offers local deliveries that contribute to minimizing shipping cost across the board.

## Quality that is dependable...

AMF offers a wide range of manufacturing and finishing capabilities. Over the years, AMF has become fully capable in providing parts and components that need punched, formed, machined, and/or finished to close tolerances. Our service guarantees finished products that meet the customer's expectations and specifications.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?
